Senior Secondary School Construction Has Begun!

Dear friends of the children of Kabala Christian School,

One could really sense the increasing excitement and anticipation in the faces and voices of the students, teachers and parents at the Kabala Christian School at the mere mention of a new Senior Secondary School (High School) to be constructed this Spring and Summer!

The Senior Secondary School students are living with a strong hope and expectation that a really good school will be available to them in Kabala.

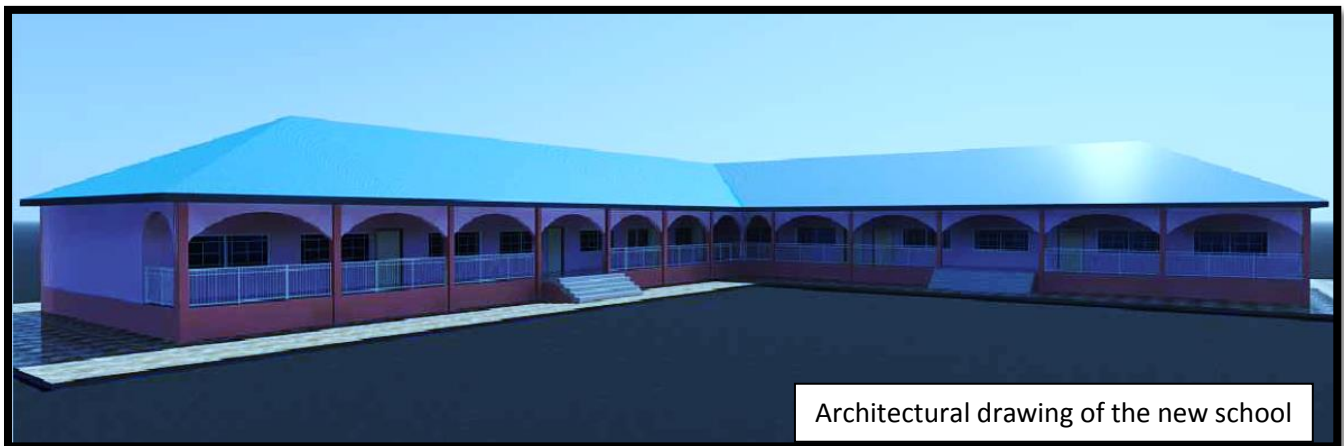

My recent travel to Sierra Leone included meetings with all the stakeholders, including the Parent Association, School Management Committee, faculty, administrators, and many classroom visits.

I am pleased to report that the school is doing superbly well.

The main purpose of my visit was to assist the school in the negotiation of a construction contract with the NIMO Construction Company. The price of the basic structure (not including equipment) is \$410,000.

The school day begins with introduction of guests, songs and a flag raising ceremony.

Architectural drawing of the new school

Total Cost of Construction \$410,000

Amount raised to date \$260,000

\$150,000 IS NEEDED TO COMPLETE THIS PROJECT.

*If you are able and willing to contribute to the success of this life changing project,
now is the time to step forward.*

CONSTRUCTION HAS BEGUN!

In the photo above, trenches are being dug for foundation placement. Blocks are hand made by workers in the top right photo. In the photo to the right, the foundation is being laid.

TEACHER SENDING PROGRAM

The three teachers from North America are all doing well and enjoying the challenge. Pictured: J.T. Koroma (Principal), Sarah Kluitenberg, Krissi Bucholtz, John Loeks and Nikki Perregaux

Grace and peace to you,
